Sub:- Communications - Post War Road Development Merged area of Sandur - Programme.

Ref:-From the C.E(H) letter Nos. 13597-F1/49-34 dated 21-12-50 and No.13597-C4/49-5 dated 19-5-52.

The file deals with the Post War Road Development Programme for development of communications in the merged area of Sandur in Bellary District. With his l dated 21-12-50, the C.E(H) submitted a comprehensive programme for the development of roads in the former State of Sandur together with the portion of the programme relating to the first five year period.

The Bellary District Board and the Collector of Bellary have agreed to the proposals relating to the District Board works in the draft plan drawn up b the C.E(H).

2.It is observed that the draft plan provides only for the improvement of the following five existin roads in the merged area of Sandur:-

(i) Tornagallu Kudligi Road.

(ii) Sandur Ramgad Hospet Road.

(iii) Ramdrug Plateau Roads.

(iv) Sandur Kumaraswamy temple Road and

(v) Chikka-Sandur Hosahalli Road.

In the draft plan the road numbered as item (i) above has been classified as Major District Road, items (ii (iii) and (iv) as 'Other District Roads' and item (v) as Village Road. It may be pointed out here that in G.O.No.1642 P.W. dated 23-4-51, items (i) (iii) and (iv been classified as 'M.D.Rs.' and these three roads are retained under the direct charge of the Governmen The attention of the C.E. may be invited to this G.O. and he may be asked to state whether roads mentioned in itemsx (iii) and (iv) above should be classified as 'O.D.Rs.' or 'M.D.Rs. and if the latter, to submit a revised draft programme after adopting the correct cl fication. Subject to orders a draft Memo. is

From the C.E(H) letter No.13597-C4/49-61 dated 21-7-52.

The note on pages 1-2 above, the memo. to the C.E(H) on page 69 c.f. and his reply thereto at page 73 c.f. may be perused. The C.E(H) has stated that the Sandur Kumaraswami temple road and the Ramadrug Plateau road are only of minor importance and that it is sufficient if they are classified as Other District Roads only as proposed in the P.W.R.D. plan submitted with his letter at page 19 c.f. He has further stated that these roads were originally proposed to be classified as Major District Roads on the recommendation of the S.E(H) but that in the subsequent detailed examination at the time of preparing the P.W.R.D. it was considered sufficient to classify them as Other District roads. He has therefore suggested that the classification now proposed in the P.W.R.D. plan may be approved. In the circumstances stated by the C.E(H) the classification of these two roads as Other District Roads may be accepted and the C.E. may be asked to submit separately detailed proposals for revesting them in the Bellary District Board. Draft submitted.
